

**Evaluate the factors that motivated Europeans to engage in imperialism in the late 19<sup>th</sup> and early 20<sup>th</sup> centuries.**

**Understand and Analyze the Documents!**

In order to write great historical analysis, you **MUST** have a good understanding of your evidence... AKA The DOCUMENTS!

- What is the main point of the document? How does it connect to the question?
- Source the documents that you choose. Remember “HAPPY” and choose ONE of those elements per document to try to analyze.
  - Historical Situation
  - Audience
  - Purpose
  - Point of View

Document Number	What is the big takeaway or the significance of the document? How can I use this document to answer the question?	Pick ONE “Sourcing” or HAPPY Element to Analyze. (Don’t forget the WHY!)
